Mr. James E. Kelley
President
Warm Brothers Construction Company
2335 Florence Avenue
Cincinnati, OH 45206

Dear Mr. Kelley:

Congratulations again on your winning entry in the AGC/Motorola Build America Awards Program. With a near-record number of entries, the competition this year was incredibly tough. You may certainly take pride in having completed such an outstanding project -- and promote your award-winning work in your future marketing and public relations efforts.

Along with the list of winners, enclosed with your entry are extra copies of the Awards Breakfast Program where your entry is listed. The program also announced the first winner of the new Build America Scholarship.

Please watch for next year's entry form in an upcoming issue of the AGC National Newsletter. We look forward to receiving another entry from you ... the project you are working on right now just may be one of next year's winners.

Sincerely,

Judith Trotter Short
Director, Public Affairs
