Dear Jim:

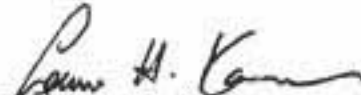

I want to thank you and your company for an outstanding job in the renovation of our Isaac M. Wise Plum Street Temple.

Let me first say how pleased I am with the cooperation and dedication Warm Bros. Construction Company shared with our staff in the scheduling and other challenges throughout each and every aspect of the two phase project.

Although we were aware of the reputation Warm Bros. Construction has in regards to fine construction, the quality of workmanship you provided far exceeded our expectations. Your company has truly restored the magnificence of our historic Temple. As you well understand, this restoration was not only a physical restoration of the structural beauty of the Temple. It was a restoration and celebration of a tradition we have proudly shared in our community since the first cornerstones for the Temple were set in 1865.

Again, Jim, thank you. We look forward to working with you in another successful renovation of our Wise Center facility in Amberley Village.

Sincerely yours,

Rabbi Lewis H. Kamrass
